## ENCLOSURE SYSTEMS INC.

### Polysafe Enclosures - Bonded Window

#### NEMA 4X Rated Non-Metallic Enclosures

##### \* Prefix

**PSB:** Flat cover with bonded window

##### \*\* Suffix

**A:** Stainless steel pinned hinges and 3 or 5 point latching mechanism with full turn standard handle

**/2A:** Stainless steel pinned hinges, two doors and 3 or 5 point latching mechanism with full turn standard handle

**/2LA:** Stainless steel pinned hinges, two lateral doors and 3 or 5 point latching mechanism with full turn standard handle

**DFR:** Front and rear doors installed

**E1:** One extension collar installed

**E2:** Two extension collars installed

*/2A available on 3050, 4040, 4050 and 5040 enclosures*

*/2LA available on 5040 enclosures*

##### Features

- Enclosures are maintenance free and corrosion resistant.
- Bases and covers are hot compression molded from halogen free, self extinguishing fiberglass reinforced polyester (FRP) that can withstand continuous temperatures from -58°F to 302°F (-50°C to 150°C) and momentary exposure to 392°F (200°C).
- Windows are made from 1/4" transparent Lexan.
- Color: RAL7035 (light grey).
- Can be coupled in height, width and depth for wall mounting and freestanding units.
- Standard 3 or 5 point latching mechanism (dependant on size).
- All enclosures can be easily modified to customer specifications.
- Gaskets are made from continuously poured polyurethane foam.

##### Applications

Polysafe enclosures are highly effective at protecting electrical and electronic controls. These enclosures can be used as insulated electrical junction boxes, terminal wiring boxes, instrument housings and electrical control housings in wet, dusty and corrosive environments.

##### Standards

IEC 60529 (IP65)

IEC 62208

IEC 62262 (IK10)

EN 60529 (IP65)

EN 62208

EN 62262 (IK10)

##### Approvals

UL Listed Types 3, 3R, 3S, 12, 12K & 13

CSA 3, 3R, 3S, 12 & 13

Lloyd's Register of Shipping
