

# EB 30 WT

# EB 60 WT

## Chillers

3300 – 6500W

- Serial produced packaged compact chiller (CC)
- Indoor/outdoor-rated NEMA Type 12, 4 panels standard
- For cooling water, water/glycol mixtures & light oils
- Rugged construction with NEMA 4 - rated control panel
- Vertical design puts high capacity in a small footprint
- Many options available to meet specific applications.

Data	EB 30 WT	EB 60 WT	Unit
Part number	Consult Factory	Consult Factory	
Electrics	400-460/3/50-60		V / Ph / Hz
Nominal Capacity*	16,700 / 4887 / 1.4	21,800 / 6380 / 1.8	Btu / W / Ton
Nominal Coolant Flow Rate*	3.3	4.4	gpm
Available Coolant Pressure	75		psig
Power Consumption*	1.6	2.2	kW
Connections - Fluid	3/4" NPTF		
Coolant Tank Volume	8		gal
Noise level @ 1 m (EN ISO 3741)	66	70	dB(A)
Maximum Ambient Air Temperature	104		°F
Duty Cycle	100%		%
Electrical Enclosure Rating	IP56		
Construction - Housing	galv. steel w/polyester powder coat		
Width	22		in
Length	24		in
Height	41		in
Weight (without packaging)	209	331	lb

\*@ 64F CWS & 90F Amb & 60Hz

**1 Ton = 12,000 Btu/h = 3517 Watts = 1 Ton**
