

# DuraLED Round Light Column

## B8T

**LED**icated

Soft**LED**

The 12-foot DuraLED Light Columns provide Architects and Designers with a luminous building element for accenting outdoor spaces. It is ideal for a wide range of applications including retail centers, schools and universities, public transit, park walkways and plazas. The low-glare SoftLED LumaLenses offer soft, uniform lighting with 50% uplight to delineate walls and landscape elements.

- Durable extruded aluminum housing is finished with a weather-resistant textured powdercoat finish for years of service.
- The low-glare SoftLED LumaLenses in two rows of three luminous windows creates a clean architectural appearance.
- Type V optical distribution.
- Vandal-resistant, UV-stabilized polycarbonate lens protects internal components.
- 24-48 watt DuraLED arrays provide up to 5,700 delivered lumens.
- Available in 3000K, 4000K and 5000K CCT (others available by special order).
- A heavy-duty cast aluminum clamshell base cover hides mounting hardware and is finished with the same durable powdercoat finish.
