

# HISTORICALLY HANDCRAFTED

EXQUISITELY CRAFTED IN THE USA

## AUTHENTIC VINTAGE DESIGNS

Introducing DuraGuard new line of luminaires, Historically Handcrafted, Exquisitely Crafted in the USA. These handmade luminaires deliver authentic traditional vintage designs, that are welded, handmade, and built to last for years to come.

## RICH TRADITION + MODERN TECHNOLOGY

This line of Historically Handcrafted luminaires combines rich tradition with modern technology. These fixtures meet today's standards in efficiency, design integrity, and quality.

This Historically Handcrafted line of products takes product designs that were popular in the 1920's, 30's, and 40's and reintroduces them with modern lighting sources, superior finishes, and UL/ETL/CSA listings. Old iron castings were replaced with aluminum and new optical systems have replaced inefficient ones.

## EXTENSIVE DESIGN OPTIONS

This new line of products includes: Post Tops, Bollards, Pendant Mounts, Arms, Poles, and Pole Accessories. Get creative with our extensive selection of Post Top Accessories: bands and cages, finials, and capitals. Use our many design accessories to create a customized Post Top design that best fits your project needs.

## EXPLORE THE HISTORY
