## Technical data

### Basic data

|                            |             |
|----------------------------|-------------|
| Series                     | LCS-2       |
| Switching distance $S_n$   | 2 ... 30 mm |
| Assured switching distance | 24.3 mm     |

### Electrical data

|                    |   |
|--------------------|---|
| Protective circuit | Polarity reversal protection<br>Short circuit protected |
|--------------------|---|

### Performance data

|  |                 |
|--|-----------------|
| Supply voltage $U_B$                     | 10 ... 30 V, DC |
| Residual ripple                          | 0 ... 10 %      |
| Open-circuit current                     | 10 mA           |
| Temperature drift, max. (in % of $S_r$ ) | 10 %            |
| Repeatability, max. (in % of $S_r$ )     | 5 %             |
| Rated operating current                  | 200 mA          |

### Outputs

|                                     |            |
|-------------------------------------|------------|
| Number of digital switching outputs | 1 Piece(s) |
|-------------------------------------|------------|

### Switching outputs

|              |                          |
|--------------|--------------------------|
| Type         | Digital switching output |
| Voltage type | DC                       |

### Switching output 1

|                     |                           |
|---------------------|---------------------------|
| Assignment          | Connection 1, conductor 2 |
| Switching element   | Transistor, NPN           |
| Switching principle | NC (normally closed)      |

### Time behavior

|                     |        |
|---------------------|--------|
| Switching frequency | 100 Hz |
|---------------------|--------|

### Connection

|                       |            |
|-----------------------|------------|
| Number of connections | 1 Piece(s) |
|-----------------------|------------|

### Connection 1

|                      |                              |
|----------------------|------------------------------|
| Function             | Signal OUT<br>Voltage supply |
| Type of connection   | Cable                        |
| Cable length         | 2,000 mm                     |
| Sheathing material   | PVC                          |
| Number of conductors | 3 -wire                      |
| Wire cross section   | 0.35 mm <sup>2</sup>         |

### Mechanical data

|                                |                             |
|--------------------------------|-----------------------------|
| Design                         | Cylindrical                 |
| Thread size                    | M30 x 1.5 mm                |
| Dimension ( $\varnothing$ x L) | 30 mm x 85 mm               |
| Type of installation           | Non-embedded                |
| Housing material               | Metal                       |
| Sensing face material          | Plastic, Polybutylene (PBT) |
| Cover material                 | Plastic, Polybutylene (PBT) |

### Operation and display

|                                     |                         |
|-------------------------------------|-------------------------|
| Type of display                     | LED                     |
| Number of LEDs                      | 1 Piece(s)              |
| Operational controls                | Multiturn potentiometer |
| Function of the operational control | Sensitivity adjustment  |
| Switching distance, adjustable      | Yes                     |

### Environmental data

|                                |               |
|--------------------------------|---------------|
| Ambient temperature, operation | -25 ... 70 °C |
|--------------------------------|---------------|

### Certifications

|                      |               |
|----------------------|---------------|
| Degree of protection | IP 67         |
| Protection class     | III           |
| Standards applied    | IEC 60947-5-2 |

### Correction factors

|                            |               |
|----------------------------|---------------|
| Acetone                    | 0.75          |
| Acrylic resin              | 0.1 ... 0.25  |
| Alcohol                    | 0.85          |
| Ammonia                    | 0.7 ... 0.85  |
| Aniline                    | 0.4           |
| Gasoline                   | 0.1           |
| Celluloid                  | 0.15          |
| Liquid chlorine            | 0.1           |
| Ebonite                    | 0.15          |
| Epoxy resin                | 0.15 ... 0.35 |
| Crude oil                  | 0.05          |
| Ethanol                    | 0.85          |
| Ethylene glycol            | 0.93          |
| Freon R22 and 502 (liquid) | 0.35          |
| Grain                      | 0.15 ... 0.3  |
| Glass                      | 0.2 ... 0.55  |
| Glycerin                   | 0.98          |
| Rubber                     | 0.15 ... 0.9  |
| Wood, wet                  | 0.6 ... 0.85  |
| Wood, dry                  | 0.1 ... 0.4   |
| Carbon dioxide             | 0             |
| Air                        | 0             |
| Marble                     | 0.5           |
| Flour                      | 0.05          |
| Melamine resin             | 0.25 ... 0.55 |
| Milk powder                | 0.2           |
| Nylon                      | 0.2 ... 0.3   |
| Oil-containing paper       | 0.25          |
| Paper                      | 0.1           |
| Polyamide                  | 0.3           |
| Polyester resin            | 0.15 ... 0.5  |
| Pressboard                 | 0.1 ... 0.3   |
| PTFE                       | 0.1           |
| Quartz glass               | 0.2           |
| Salt                       | 0.35          |
| Sand                       | 0.15 ... 0.3  |
| Water                      | 1             |
| Cement dust                | 0.25          |
| Sugar                      | 0.15          |

## Dimensioned drawings

All dimensions in millimeters

# Electrical connection

## Connection 1

|                      |                      |
|----------------------|----------------------|
| Function             | Signal OUT           |
|                      | Voltage supply       |
| Type of connection   | Cable                |
| Cable length         | 2,000 mm             |
| Sheathing material   | PVC                  |
| Number of conductors | 3 -wire              |
| Wire cross section   | 0.35 mm <sup>2</sup> |

## Conductor color

## Conductor assignment

|       |              |
|-------|--------------|
| Brown | 10 - 30 V DC |
| Black | OUT          |
| Blue  | GND          |

# Circuit diagrams

# Operation and display

| LED | Display                  | Meaning                          |
|-----|--------------------------|----------------------------------|
| 1   | Yellow, continuous light | Switching output/switching state |
