### Outputs

Number of digital switching outputs 2 Piece(s)

#### Switching outputs

| Voltage type            | DC                            |
|-------------------------|-------------------------------|
| Switching current, max. | 100 mA                        |
| Switching voltage       | high: ≥(U <sub>B</sub> -2.5V) |
|                         | low: ≤ 2.5 V                  |
| Switching output 1      |                               |

Assignment Switching element Switching principle

Switching output 2 Assignment Switching element Switching principle

### Time behavior

| Switching frequency | 2,500 Hz |
|---------------------|----------|
| Response time       | 0.2 ms   |
| Readiness delay     | 300 ms   |

| Connection 1       |                |
|--------------------|----------------|
| Function           | Signal OUT     |
|                    | Voltage supply |
| Type of connection | Connector      |
| Thread size        | M8             |
| Туре               | Male           |
| Material           | PUR            |
| No. of pins        | 4 -pin         |

#### **Mechanical data**

| Dimension (W x H x L)      | 15 mm x 42.7 mm x 30 mm              |
|----------------------------|--------------------------------------|
| Housing material           | Plastic                              |
| Plastic housing            | ABS                                  |
| Lens cover material        | Plastic                              |
| Net weight                 | 22 g                                 |
| Housing color              | Red                                  |
| Type of fastening          | Through-hole mounting with M4 thread |
|                            | Via optional mounting device         |
| Compatibility of materials | ECOLAB                               |
|                            |                                      |

#### **Operation and display**

| Type of display                     | LED                     |
|-------------------------------------|-------------------------|
| Number of LEDs                      | 2 Piece(s)              |
| Operational controls                | Multiturn potentiometer |
| Function of the operational control | Range adjustment        |

#### **Environmental data**

| Ambient temperature, operation | -40 60 °C |
|--------------------------------|-----------|
| Ambient temperature, storage   | -40 70 °C |

### Certifications

| Degree of protection | IP 67         |
|----------------------|---------------|
|                      | IP 69K        |
| Protection class     | III           |
| Certifications       | c UL US       |
| Standards applied    | IEC 60947-5-2 |

#### Classification

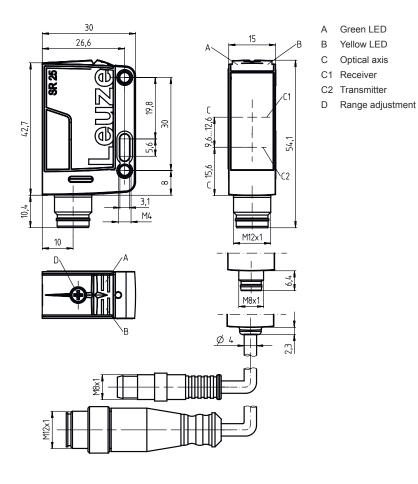

| Customs tariff number | 85365019 |

## Notes

| Observe intended use! |  |  |  |  |
|-----------------------|--|--|--|--|
|                       |  | $\boldsymbol{\$}$ This product is not a safety sensor and is not intended as personnel protection. |  |  |
|                       |  | $\boldsymbol{\$}$ The product may only be put into operation by competent persons.                 |  |  |
|                       |  | $\boldsymbol{\$}$ Only use the product in accordance with its intended use.                        |  |  |
|                       |  |  |  |  |

## WARNING! LASER RADIATION - CLASS 1 LASER PRODUCT

The device satisfies the requirements of IEC/EN 60825-1:2014 safety regulations for a product of **laser class 1** and complies with 21 CFR 1040.10 except for conformance with IEC 60825-1 Ed. 3., as described in Laser Notice No. 56, dated May 8, 2019.

b Observe the applicable statutory and local laser protection regulations.

<sup>th</sup> The device must not be tampered with and must not be changed in any way. There are no user-serviceable parts inside the device. Repairs must only be performed by Leuze electronic GmbH + Co. KG.

# **Further information**

- Light source: Average life expectancy 50,000 h at an ambient temperature of 25  $^\circ\text{C}$
- Sum of the output currents for both outputs 100 mA
